

The Peace that Pennies Buy

Each day, after breakfast, you bid good-bye to your husband and he is gone. Miles of distance and hours of traveling may separate him from you, yet you do not fear. You have no feeling of his being far away — no sense of loneliness or isolation. For there, within reach of your hand, is your contact with all the world — the guardian of your home . . . your telephone.

All you see is the telephone instrument itself and a few feet of wire. Through the familiarity of use, you are likely to take it for granted in much the same manner as air and water and sunshine. Rarely do you think of the complicated exchanges, the almost endless stretches of wire and the hundreds of thousands of trained employees that are needed to interconnect, through the Bell System, of which the Illinois Bell Telephone Company is a part, nearly twenty million telephones in this country and twelve million in foreign lands.

A DEMOCRACY IN INDUSTRY

IN THE past ten years the number of Bell telephone calls made daily in this country has doubled.

The American people do not double their use of anything unless it returns a dollar's worth of value for each dollar spent.

A telephone in your home costs only a few cents a day. Yet it brings to your service the use of billions of dollars' worth of property and the efforts of hundreds of thousands of skilled workers. Fair pay to the workers and a modest profit on this property is all you pay for. There are no speculative profits in the Bell System, of which the Illinois Bell Telephone Company is a part. Everyone, from the president down, works for salary and pride of achievement.

The Bell System, in the best sense of the word, is a democracy in industry . . . operated in the best interests of the people who use it.

Clear It Up By Long Distance

When in the daily course of business a question arises which requires information or a decision from some person not in town, turn to the Long Distance telephone. No matter how far away this man may be he can usually be reached in a short time over Bell lines.

Illinois Bell Telephone Company

ILLINOIS BELL TELEPHONE COMPANY

You are still neighbors— *by telephone*

OLD friends may have moved away to a distant city. Many miles may separate you now. But your friendship need not cease, for you are still neighbors. The miles between are easily bridged by telephone. You may visit regularly at very small cost. A visit by telephone is personal, friendly — the next best thing to being there. Don't neglect that friend another day . . . telephone today.

*Day or night we are ready to speed
your voice to a neighboring village
or a far-off corner of the world —
always at a moderate cost.*

When in Doubt, Use Long Distance

A business perplexity may be
cleared up within a few minutes
